On November 11, 2024, Office for Attracting Strategic Enterprises (OASES) held the OASES Partnership Signing Ceremony in Hong Kong SAR. In the presence of the Financial Secretary, Mr Paul Chan, 17 strategic enterprises signed agreements to become strategic enterprise partners of the Government. Xunlei, a technology-based enterprise specializing in cloud computing, big data and emerging technologies, was selected as one of these partners, marking another significant milestone in the company's globalization strategy.

Mr. Jinbo Li, the chairman and CEO of Xunlei, participated in the signing ceremony. The global technology center established by Xunlei in Hong Kong is a comprehensive platform that integrates technological research and development, innovation incubation, and international cooperation. It encompasses a technology open platform, an AI laboratory, an investment incubator, among others. This initiative aims to facilitate the dissemination of cutting-edge technologies for global businesses while providing decentralized solutions for various industries. Consequently, it will further propel Xunlei's business expansion and enhance its global technological influence.

Mr. Jinbo Li said, "Xunlei is very honored to be chosen as one of the corporate partners in Hong Kong. Being an international hub for finance and technological innovation, Hong Kong possesses exceptional geographical positioning and resource advantages, attracting top-notch global talents. We firmly believe that establishing Xunlei Global Technology Center in Hong Kong will present unparalleled opportunities for enterprise development. Leveraging Hong Kong's policy support, business environment, and international talent pool, we are committed to advancing our technology research and development as well as application in cutting-edge domains such as decentralized AI."
